Kategorija proizvoda: Žice
Proizvođač: Elixir

Cena: **16,00** EUR

- Played for the same crisp tone as an uncoated string
- OPTIWEB Coating provides a natural feel
- Electric guitar strings constructed with nickel-plated steel wrap wire
- Elixir's coating technology protects against common corrosion and debris buildup, extending tone life longer than any other brand's coated or uncoated strings
- Anti-Rust Plating on plain steel strings ensures longer tone life for the entire set
- With less hassle and expense of frequent string changes, spend more time making music
