Cena: **59,00** EUR

Technical details

Type of pickup	MM (moving magnet)
output voltage	4mV *
amplifier connection	Phono MM
Channel deviation at 1 kHz	2dB
Crosstalk at 1kHz	22dB
Crosstalk at 15kHz	15dB
frequency range	20-25.000Hz
frequency response	20-20,000Hz ± 2dB
Scanning capability at 315Hz	65µm **
needle compliance	20 microns / mN
Rec. Tone arm type:	easy *** and moderate
Stylus type	elliptical
rounding	r / R 8 / 18µm
Tracking force range	15-20mN (1.5-2.0g)
Rec. Tracking force	17.5mN (1.75g)
scan	20 degrees
DC resistance	750 ohms
inductance	450mh
Rec. terminator	47kOhms
Rec. Statements capacity	200-600pF
mass	2,5g (5g with additional weight)
particularity	*** without inserted additional weight suitable for medium tonearms
Replacement needle insertion	Stylus 5E

* at 1000Hz, 5cm / sec. ** with recommended contact force
