VARIETY OF CONNECTION OPTIONS

But there's more! Why not hook up a mixer to the Reeloo iPhono 2 and record your entire DJ set to your computer? The mix can then be instantly uploaded to share with others online, or could just as easily be burnt to a CD for physical distribution – the possibilities are endless. The Reeloo iPhono 2 even comes with a full copy of PCDJ DJ LE software and a sample pack from Loop Masters.

Get digital. Get the Reeloo iPhono2!
